2018-2019 Senior Championship – Match Report – 4 of 5

27th January 2019

Results and report from the 4th match of the BDAC Senior Championship.

Three members were able to make it out for our match yesterday; welcomed to the banks by 20mph winds gusting to in excess of 40mph - and it wasn't exactly warm either.

Water had good colour and flow, any other day this could have been a good thing...

However, we all struggled, Stew hooked up with a minnow and small Chub, with a combined weight of no more than 4oz, with Craig and Dave having caught nothing with 10 minutes to go.

Craig chose to hit the margins and see what occurred...two fish that didn't even register bites on the tip (or couldn't be seen due to the wind maybe?!). Unfortunately no bigger than Stews catches.

A tough day on the bank; our best wishes to those who weren't able to make it due to ill health and family commitments - hope to see you all for the last match of the Championship at the end of February.

Weights at the end of the day as follows

Peg #	Angler	Weight
1	Stewart Randell	4oz
2	Craig Whelan	3oz
3	Dave Litchfield	0oz
